About Us

Headquartered in Jordan. Offices in Egypt, Oman, and Lebanon. Active in the Middle East and North Africa, Solis Depot is a Solar Service company fully committed to supplying Huawei Solar PV inverters. We focus on providing high-quality inverters for our clients while prioritizing and managing resources in an effective and efficient way to continuously create value. We place

utmost priority on the safety of our clients and employees, our environment, and society. We sell only the best products manufactured with the end users in mind. As a Solar PV inverters provider for contractors in the residential, commercial, and utility field, Solis Depot has delivered exceptional products utilized in completing thousands and thousands of Solar PV projects. Our aim is to become the largest retailer of quality renewable energy products and accessories. We are 7 /24 available throughout the business cycle and beyond.

Mission

- To provide high-quality products & exceptional support services with a tireless dedication to meet our client's Solar PV needs.
- To offer price competitiveness borne out of maximal operational efficiency.
- To continue adhering to the highest levels of integrity that have been the trademark of our success.

Vision

To be a top class solar service provider with on time delivery, excellent support at competitive

What We Do

Whether you're an eco-minded consumer or a practical individualist, Solar power remains an ultimate renewable energy source. The sun's light is sustainable energy, supplying a resource that is not only renewable but also has a very low carbon footprint. Solis Depot is a premier provider of reliable, quality, durable, proven photovoltaic systems from leading and trusted manufacturers, giving you the opportunity to harness this free energy alternative. We have a highly skilled technical team that offers after-sales service and emergencies. We guarantee the availability of spares for immediate replacement. Solis Depot supplies Solar Inverters. We offer the latest Inverters from a trusted manufacturer, With specialty options to fit your client's needs and make a worthwhile and attractive addition to your solar project. We leverage our knowledge and quality and reliable supply chain to facilitate the rapid completion of Solar PV projects. The magnitude of the reliability of our supply chain is what set us apart from our competitors.
